

Clarion-Corvus Trust Governance and Scheme of Delegation

Governance

The governance structure for the Trust is summarised in the flow-chart below. It shows lines of accountability and the main responsibilities for each level. The Scheme of delegation gives a detailed description of the responsibilities of governance bodies and the senior Trust officials.

Information flows by means of minutes and representation. For example, Local Governing Body (LGB) and other Trust committee minutes are raised and discussed at Full Trustees. Full Trustees minutes are sent to the Members for their information.

The CEO or another Trust official attend all committee meetings. The CEO attends LGBs where appropriate in order to feed-back information, initiatives or developments. This ensures that committee and LGB members have the information and intelligence they need for incisive and impactful decision-making. School leaders are invited to attend relevant Trustee or committee meetings when appropriate, in order to keep Trustees up-to-date and to allow Trustees to challenge and support.

The CEO is held to account through these meetings and through rigorous Performance Management. A sub-committee, consisting of the committee Chairs is formed twice a year in order to review and set targets. Pay progression is based upon the outcome.

The CEO reports to Trustees every half term. The report is based around a Development and Improvement Plan. The plan itself is reviewed regularly and a complete review takes place annually.

School leaders attend School Committee meetings in order to provide a summary of their activities and to allow for scrutiny.

The committees and boards are below. For more detail, please see the terms of reference.

A scheme of delegation is a reference document showing what authority the board has delegated to committees, other volunteers, or to its staff under the powers of its governing document. Currently, Clarion Corvus has Trustee Committees, (Property and Finance, Audit, Human Resources and Remuneration, and Standards), with LGBs at all schools. Trust Committees and LGs have delegated responsibilities set-out within a Scheme of Delegation.

DfE Guidance documents supporting these arrangements include the Governance Handbook (Oct 2020), Academy Trust Handbook, also known as the Academies financial handbook (2022) the Chairs Handbook (2022) and the Competency Framework for Governance (2017).

Guidance offers the following context :-

The Academy Trustees will decide what, if any, governance functions they will delegate to LGBs. They may set up LGBs as wholly advisory bodies. Academy Trustees may choose to vary the extent of delegation over time, for example to reflect a change in capacity at local level. LGBs are a full and formal part of the trust governance structure and can:

- support the effective operation of the trust and its policies
- provide support and challenge to the local (school level) executive (although trusts must be careful to make sure accountability is clear and not muddled through local reporting to the LGB and CEO)
- provide a vehicle for trust board engagement with the school, its parents and local community, to help ensure that the Academy Trustees stay connected. Trusts may choose to bring in people to sit on LGBs who provide links to the local community, in addition to parents.
- bring issues and risks to the attention of the trust board. It is important that the board listens and responds to concerns the LGBs may raise.
- provide constructive feedback to the board where a policy may not be effective in the local context, and suggest alternative approaches
- help ensure the trust works as one entity, in the interests of all its schools equally

The Trust has set out the following principles for the relationship between Trustees and LGBs.

The relationship between the Trust Board and Local Governing Bodies (LGBs) is particularly important. In accordance with the Scheme of Delegation, working within agreed trust policies and in partnership with the Trust Board and other Trust schools, LGBs will:

- Develop a clear understanding of how their school is led and managed
- Provide oversight and scrutiny of the curriculum, standards and performance
- Determine and review delegated school policies
- Engage with all school stakeholders including students, parents/carers, staff members and act as a point of consultation and representation
- Monitor the agreed targets within the School Improvement and Development Plan
- Champion school improvement and extra-curricular activities
- Promote equality, good relations and diversity aimed at raising standards for all children
- Maintain an overview of overall risk including health and safety, child protection, safeguarding and pupil welfare, equality and staff well-being together with this standard provision of facilities and the management of school projects
- Support the Executive Headteacher/CEO in the Performance Review of the Head of School or Headteacher.

Where a requirement for an urgent decision arises between Trust Board or Sub-committee meetings and the Chief Executive Officer has confirmed in writing that a delay in making the decision is likely to be seriously detrimental to the interests of the Trust, any individual Academy, pupil or their parent or a person who works at the Trust, the Chair of the Trust or Sub-committee will be authorised to make the required decision on behalf of the Trust Board or Sub-Committee. Any such decision shall be reported to the next meeting of the Trust Board or Sub-committee.
